CISO FORUM CANADA 2026

FEBRUARY 4, 2026

RITZ CARLTON, TORONTO, ONTARIO

siberX

ABOUT THE EVENT

Our 8th CISO Forum Canada is THE premier gathering for Canada's top information security executives. This exclusive event connects thought leaders, industry experts and forward-thinking sponsors from across the nation to collaborate.

The forum's agenda is tailored to address the critical topics at the forefront of our industry: leadership, strategic management, innovation, and the latest advancements in cybersecurity.

CISO Forum Canada convenes senior leaders for impactful keynotes, engaging panel discussions, and collaborative roundtables. The day culminates in an executive reception and a prestigious awards ceremony, honouring excellence in cybersecurity leadership.

This invitation-only event is designed for director-level and above practitioners, ensuring a high-caliber audience and meaningful networking opportunities.

THE VENUE

The CISO Forum Canada will take place at the prestigious Ritz-Carlton, Toronto, an iconic symbol of luxury and sophistication. Located in the heart of downtown, this world-class venue offers not only stunning views of the city's skyline and waterfront but also an ambiance of refined elegance. Attendees will enjoy gourmet cuisine crafted by renowned chefs, offering exquisite dining experiences throughout the event. The Ritz-Carlton's opulent surroundings, combined with impeccable service, provide the perfect setting for high-level networking, creating an atmosphere of exclusivity, class, and unparalleled luxury.

MARKET VALIDATION

A Brief Story About Market Validation

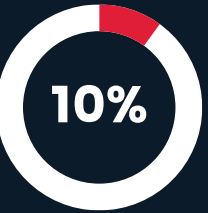

Our events are designed to empower your team to engage with key stakeholders, gain insights from thought leaders, assess the competitive landscape, and build connections with industry peers.

Event	Decision Makers	Networking
99%	86%	99%
Satisfaction %	Within 6 months	Opportunities %

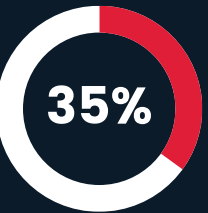

Enterprise

Large enterprises, with over 1,000 employees and revenues exceeding \$1 billion, prioritize advanced cybersecurity solutions to manage complex threats and protect vast amounts of sensitive data across distributed networks.

Midsize Enterprise (MSE)

Midsize enterprises, with 100 to 999 employees and \$50 million to \$1 billion in revenue, focus on balancing cybersecurity investments with operational constraints, aiming to protect critical assets while optimizing limited IT resources.

Public Sector

Public sector organizations, including municipalities, healthcare networks, and government agencies, prioritize resilience, compliance, and citizen trust as they defend vast digital ecosystems with limited resources.
